Re: General Plan Update

Dear Supervisor/Chairperson \_\_\_\_\_

I am writing to express my support for General Plan Alternative A. This option best reflects the opinions voiced by community members for the past decade and the recent endorsements for Plan A by the Department of Fish and Game, the North Coast Environmental Center, Green Wheels, and Humboldt Baykeeper speak very loudly to the citizens in Humboldt.

Plan C, which permits triple the amount of growth needed, and Plan D, which allows growth to continue unchecked, are not viable options to the public and they should not be seriously considered. However, Plan B, which accepts twice the amount of growth than we will need, is very much a recipe for sprawl itself. It should not be on the table either.

<<personal concerns pertaining to sprawl>>

While population growth is inevitable and we are happy to welcome new members to the county, there is no honest reason for us to accelerate development at the artificially high rates proposed in Plan Alternatives B and C. Poorly considered subdivisions and residential development have already claimed thousands of acres of working land that we cannot take back. It is time to adopt the General Plan Alternative that honors Humboldt County's timber and ag lands, our unique town characters, and the residents themselves. It is time to wrap up this process and adopt Plan A.

Sincerely,
